

Iceless Wine Chiller (598201)

SUPER: Iceless Wine Chiller

Hi, this is Michael at Brookstone.
Today I'm going to show you the
fast, easy way to chill (or warm) wine
to the perfect serving temperature every time.

SUPER: The easiest way to chill wine

With our Iceless Wine Chiller,
you'll have a choice of over 40 pre-programmed
types of wine to choose from.

Simply select your wine from the scrolling menu.

SUPER: Select your wine

Place your bottle of wine in the Iceless Wine Chiller...

SUPER: Place wine in chiller

...and chilling or warming begins. A digital
display shows "Ready" timer, as well as current
and optimum serving temperature

SUPER: Screen color and tone let you know it's ready

The changing screen color and an audible tone
let you know when your wine is ready.

SUPER: Quick Chill feature

In a hurry? Our Quick Chill feature ensures
that every bottle is ready at the right moment.

SUPER: Holds most wine and champagne bottles

The Iceless Wine Chiller works with red and white wine,
Champagne, even Sake!

Cheers!
