

uAstro®  
Zero-Gravity Massage Chair

00:03 uAstro™ doesn't just massage you. It takes you places.

00:08 Away from work, from stress, from worry. It brings you to places where everything feels good all the time.

00:18 Introducing the uAstro Zero-Gravity massage chair—available only at Brookstone.

00:25 uAstro's unique Zero-Gravity massage position helps relieve pressure all along your spine, and better positions your muscles to receive maximum benefit from the chair's surround massagers.

00:38 At the beginning of each program, massagers glide up and down—measuring your back to customize your massage and reach all the right spots.

00:51 Now just relax, breathe slowly and deeply, and let uAstro unlock the tightness throughout your body.

01:02 Feel the kneading massagers work up and down your spine, loosening tension.

01:08 Rolling and tapping massagers stimulate muscles along your back—from your lumbar area to your neck.

01:19 48 individual air chambers squeeze and provide a soothing “palm massage” all over your body—including your feet and legs, your neck, even along your arms.

01:39 Feel the tingling vibration massage in your feet, your seat and in the palms of your hands.

01:47 Choose from eight automated, full-body massages, each designed to help you energize at the beginning of the day or relax so you can get a better night's sleep,

2:01 Targeted massage programs soothe particular areas of your body that need special attention—like your neck and shoulders, lower back or feet.

02:14 Upper and lower body massages are synchronized to help encourage proper alignment. uAstro even has a stretch massage designed to unlock tension from the base of your neck to the soles of your feet.

02:28 By combining full-body massage techniques, uAstro helps to unlock tension and tightness in your muscles and joints, and to temporarily improve blood flow.

02:42 uAstro helps the body rejuvenate after all the hours of stress that gravity and physical activity place on it.

02:50 As good as it feels to sit in the chair—the joy of owning a uAstro massage chair is that it makes you feel more relaxed, limber and refreshed all day long. And when your body feels more relaxed and refreshed—so does your mind.

**03:10 And one more thing. uAstro, it's not just for guys.**

03:15 Does all this sound good to you? Then visit a Brookstone store near you to take a test flight in the uAstro Zero-Gravity Massager.

And leave daily aches and stresses behind.
